GOLD 2023 ecovadis Sustainability Rating

VONMÄHLEN
Northern Germany

As a young team, we intrinsically value the protection of our planet and our shared future. In our role as a developer of tech products, we bear direct responsibility for our products and the resulting societal consequences.

For us, sustainability is a holistic concept that takes equal account of environmental, social and economic aspects. We have aligned our strategy with the Sustainable Development Goals of the United Nations Global Compact and are working with specialized partners to realize them effectively.

We regularly assess the impact of our company actions and develop targeted measures to achieve our climate goals and enhance social justice. All our suppliers are carefully selected by third party verifiable, high social standards. We have set an internal carbon price of €50 per tonne that is increased yearly. This enables us to support international projects targeting climate protection and biodiversity.

Our progress can be viewed at any time at vonmaehlen.com/sustainability.

Sustainability is a matter of mindset. Transparency, accountability and frequent communication are therefore the cornerstones of our strategy.

INFINITY

THE UNIVERSAL PHONE STRAP

Infinity is our universal phone strap and is compatible with all popular smartphone models. Infinity ensures unrestricted use of your smartphone, as the camera as well as all buttons and functions remain easily accessible. The individually adjustable nylon cord (up to 150 cm) provides comfortable wearing comfort. Thanks to the flexible silicone, Infinity can be attached within seconds – even to your favorite phone case.
